

WANT PRESIDENT TO CONSIDER AMNESTY TO POLITICAL PRISONERS

QUESTION UP BEFORE THE HOUSE JUDICIARY

If Considered and Granted Would Mean the Release of More Than One Hundred Persons Guilty of Violation of Espionage Act—Not Believed Suggestion Would Pass

(By The Associated Press) WASHINGTON, March 16.—In the face of apparent and outspoken opposition lawyers and representatives of liberal operations pleaded with the house judiciary committee today to report a resolution asking the president to give careful consideration to the propriety of granting immediate amnesty to 113 political prisoners serving long terms for violation of the espionage act.

Committeemen indicated that the resolution never would pass, insisting that congress had no right to direct the president in such matters.

Gilbert E. Rowe, an attorney of New York, who advocated the general principle of amnesty, said he saw no impropriety in requesting the president, the attorney general and the secretary of war to look into the appeals "because the resolution seems as harmless as the four power treaty."

Speaking for the American Federation of Labor, Edgar Wallace declared that war laws were necessary but now in peace times there was no good reason for keeping war time offenders in jail.

ADVISE MINERS AVOID CREATION OF DISSENSIONS

Certain Acts Named as Calculated to Cause Strife

(By The Associated Press) TERRE HAUTE, Ind., March 16.—Officials of the Indiana organization of the United Mine Workers today sent a circular to all union miners in the state warning them against practices calculated to create dissension and retard the work of the organization.

Stress was placed on the practice of union miners taking employment in small mines not under contract to pay the union wage scale and against giving aid to Alexander Howat, deposed Kansas president and his followers who were recently expelled.

The statement said the practice of working in small mines, or those operated on a cooperative basis, was in conflict with the union constitution and added that the Indiana district executive board had decided that a \$100 fine be placed against union miners working where the wage scale is not maintained.

BIG EARNINGS MADE BY CHICAGO LINES

(By The Associated Press) CHICAGO, March 16.—The gross earnings of the Chicago Surface Lines totaled \$60,345,733 during the year ending January 31, according to the annual report of the roads made public today.

This was said to be the largest sum ever collected by the surface lines and was attributed to the handling of an increased number of passengers on the eight cent basis. The total receipts for the 1920 and 1921 period were \$55,016,348.

The total cost of operation in the current report was \$45,516,159 leaving a net surplus of \$14,829,574. The report shows that \$2,944,963 is the city's share of the street car receipts that will go to the traction fund.

REPENTANT HOLDUP RETURNS THE MONEY

INDIANAPOLIS, Ind., March 16.—Two well dressed men who held up William Essigke, a grocer, last night, became repentant almost as soon as they had taken \$10 from him and returned the money.

The men ordered the grocer to throw up his hands, took the money from his pockets and then ordered him to walk "straight ahead and say nothing."

Essigke obeyed but in a minute one of the robbers tapped him on the shoulder and said: "Here's your change, we decided not to take it."

CLAIM IS MADE MUSCLE SHOALS GREAT FAILURE

Example of Government Effort in Private Enterprise

(By The Associated Press) NEW YORK, March 16.—The \$88,000,000 nitrate plant at Muscle Shoals stands as a "monumental failure of government effort in a private enterprise," John T. Fetherston, former vice president of the air nitrates corporation declared tonight in an address at New York University.

Mr. Fetherston was in charge of construction and operation of Muscle Shoals Plant No. 2 built for the government in 1918 for the manufacture of munitions.

He declared congress would have difficulty in preventing the people from handling Muscle Shoals over to Henry Ford "on a silver platter plus a bonus" because they vision the plant as a source of cheap automobiles, a model industrial city 75 miles long, with every workman receiving high wages and owning his own bungalow; as an inexhaustible source of cheap fertilizer for the farmer and of revenue for the government.

Mr. Fetherston who asserted that the possibilities of water power development at Muscle Shoals, "are greater than any unexploited powers east of the Mississippi river, approximating the horse power the existing developments on the American side of Niagara Falls," offered as a correct analysis of the Ford proposal the following report submitted by Hugh L. Cooper, consulting engineer for the Wilson Dam.

"It is apparent that the Ford proposal calls for the Federal treasury for \$1,275,000,000 during the next 100 years in order that Mr. Ford may secure sole unregulated possession of the greatest waterpower the south has, and at a cost to Mr. Ford around one half of what similar power is available for elsewhere on the American continent."

STATES TAX EXEMPT SECURITIES WORK INJURY TO BUSINESS

President of Gas Association Would Have Such Issues Cease

CHICAGO, March 16.—Asserting that federal, state and city governments are injuring business by the issuance of tax exempt securities, R. B. Brown, vice president of the American Gas Association of Milwaukee advocated the stoppage of such issues in a speech today before the Illinois Gas, Electric Railways associations.

Tax exempt securities, he declared were also affording people of large incomes a means of escape from the just share of the cost of government thus putting an additional tax burden upon people of small incomes.

"Such securities take unfair advantage of all industry including the farmers," he added. Milan R. Bump, of New York, president of the National Light Association said that electricity has not realized ten per cent of its possibilities and utilities alone must spend at least a billion dollars a year in the next four years to meet the demands of consumers.

H. H. Cdrak, president of the Illinois Gas Association urged increased use of gas as a means of conserving the nation's coal supply and predicted that in the distant future there will be only two products from the coal—gas and the liquid from which by-products are derived.

PLEADS FOR HANGING BECAUSE OF MURDER

CHICAGO, March 16.—Getting down on his knees before Judge Sullivan in criminal court Patrick Tierney today pleaded that he be hanged for the murder of his wife and three year old son whom he hacked to death with a hatchet several months ago. Tierney said he was guilty and wanted no counsel, but Judge Sullivan informed him that the law required that he have an attorney and appointed one for him and set the trial for March 25.

Tierney said he committed the murders because he thought his wife was going to leave him. He gave himself up to the police the next day.

NEW YORK SOLDIERS GET STATE BONUS

ALBANY, N. Y., March 16.—A bill appropriating \$1,000,000 for the relief of disabled, unemployed world war veterans was passed unanimously by the assembly today. Married men or single men with dependents would receive \$45 a month and single men without dependents \$30 provided they have been unemployed for 14 days and their federal claims have not been settled. The maximum any veteran could receive is \$250.

BRIEFS

(By The Associated Press) DETROIT, Mich., March 16.—Two children are dead and their mother, Mrs. Berent Reickert is in a hospital, severely injured as a result of a fire that destroyed their home near Detroit, early today. Four other children were carried to safety by the father.

BELFAST, March 16.—A train proceeding from Belfast to Dublin, was held up at Altnaveigh, near Newry, today by an armed gang who carried off the mail. A similar hold-up occurred yesterday on the southern side of the border.

BITTER ATTACK ON COALITION COMES FROM LORD CARSON

Takes Place During Debate On Irish Free State Bill

(By The Associated Press) LONDON, March 16.—During today's debate on the Irish Free State bill, Lord Carson bitterly attacked the coalition government, declaring it had abolished constitutional government and had laid down the petition that by executive action could be brought about not merely constitutional changes but revolution.

Lord Carson declared that in effect the government had told South and West Ireland: "You have known how to bring the British government to its knees; surely you can do the same with Ulster."

Admits Mischief.

Lord Carson denied the policy of the government and the free state bill but admitted the mischief had been done and said he was not going to argue for rejection. But he hoped they would not be lacking in courage as not to insist that they should never allow, without consent, one acre of ground to be taken from Ulster. After Lord Carson's speech the house passed the second reading of the bill without division.

Lord Birkenhead defended the bill and replying to Lord Carson's denunciations of the present situation in Ireland said he was convinced that Michael Collins and Arthur Griffith would neglect nothing to bring the criminals to justice.

Irish Keep Order.

It was far preferable that the maintenance of order should be in the hands of Irishmen, he said, and he instanced an existing parallel in the Rand pointing that if South Africa had not been under self government the imperial government would have been compelled to transport troops to the scene and suppress the revolt, without any anxiety on the part of the British or need to expend blood or treasure.

SENATOR REED AGAINST FOUR POWER TREATY

Says This and Naval Treaty Would Make U. S. Helpless

(By The Associated Press) WASHINGTON, March 16.—The campaign of the "irreconcilables" against the four power Pacific treaty continued without abatement today despite signs of waning interest and the disposition of leaders to regard ratification of the pact as a foregone conclusion.

For more than three hours, in a senate chamber which most of the time was all deserted, Senator Reed, Democrat, Missouri, assailed both the four power and naval treaties, which he said would fit together to put the United States in a position of "helplessness" in the Pacific.

Facts Misrepresented He charged that the facts underlying the five-five-three naval settlement had been misrepresented and put into the record figures of his own design to show that superiority of speed, armament and auxiliary craft would greatly increase the relative strength of the British and Japanese navies.

The address was interrupted but a half dozen times by senators who questioned him on minor points of information regarding the naval estimates, he submitted, and when he had finished the debate drifted to other leaders made no effort to reply.

Interest Diminishes

Toward the end Senator Reed trained his fire on the apparent diminution of interest in the debate, noting for the record that only two Republican senators were present and flaying the Republicans who had stood with him against the Versailles treaty but now were supporting the four power pact. In view of senators who have canvassed the situation carefully the two big issues remaining to be settled in the four power treaty fight revolve about the foreign relations committee's no-alliance reservation and the compromise reservation to be proposed regarding participation of outside powers in conferences over Pacific questions.

A group of Republican senators are still said to be strongly opposed even though administration leaders fear that its defeat might endanger ratification of the treaty.

"The conference" reservation has not been offered but an effort will be made to put it in a form acceptable to senators who had objected to the proposal when it was before the senate in the shape of a textual amendment.

LANDIS SUCCESSOR BEING DISCUSSED

(By The Associated Press) CHICAGO, March 16.—Judge Adam Clifford of the circuit court of Dekalb county was being discussed in political circles today as a possible successor to Judge K. M. Landis who recently resigned from the federal bench. While no announcement has been made by President Harding was expected after his return to Washington from the south, after discussing his action with Senators McCormick and McKinley, who, it was declared are favorable to Judge Clifford.

Judge Clifford's home is in Syca more the place of his birth. His farm in Dekalb county is one of the best known in the state.

CHINESE TROOPS REPLACE JAPANESE

(By The Associated Press) WASHINGTON, March 16.—The Japanese embassy announced tonight it had received a telegram from Tokio stating that the government, without awaiting ratification of the Shantung treaty has instructed the Japanese minister at Peking to arrange with China for the replacement, according to the treaty terms, of Japanese troops and gendarmes with Chinese forces along the Tsingtau Tsinanfu railway.

Japan, it was added, has decided to begin the withdrawal of railroad guards early in April in complete that withdrawal entirely by May 4.

The treaty provides that the railway guards shall be withdrawn if possible within three months from the date of signing of the treaty and at the outside within six months.

Charleston, W. Va., March 16.—Posting of a wage scale in the Kanawha coal fields has been postponed until March 10, by resolution of the Operators' Association today.

ENGAGEMENT PUBLIC

Paris, March 16.—Hugh Campbell Wallace, former ambassador to France and Mrs. Wallace today announced the engagement of their niece Miss Sally Beecher to County Jean Tertrand de Luppe.

ESTIMATED SOLDIER BONUS COST WOULD BE \$4,098,719,350

Chairman Fordney Files Majority Report—Petition Out for Conference of House Republicans—To Bring Bonus Bill Up Monday—Gillett Due in Washington Friday

(By The Associated Press) WASHINGTON, March 16.—There were just two developments today in the soldier bonus muddle. One was the filing by Chairman Fordney of the ways and means committee of the majority report on the compromise bill, which was estimated to cost the government a total of \$4,098,719,350.

The other was the circulation of a petition by Representative Linberger of California, a former service man, for a conference of house Republicans for next Tuesday evening to discuss the bonus legislation.

Mr. Linberger announced tonight that there were sixty signatures to the petition, or ten more than required for a conference call. Its presentation, he added, would depend upon the conference between house leaders and Speaker Gillett regarding procedure for the calling up of the bill in the house.

If there is a decision to consider the bill under a suspension of the rules, Mr. Linberger said the petition would be presented. Chairman Fordney declared it still was his determination to bring the bill up Monday under a suspension of the rules, if that could be done and if not, to call it up Tuesday under a special rule if such a rule could be obtained.

Speaker Gillette is due to arrive tomorrow from Florida and at that time the question of whether the bill will be taken up Monday probably will be settled. Mr. Fordney said it was not his desire to limit debate, that if the measure were taken up under a suspension of the rules he would ask unanimous consent for two days of discussion which would throw the final vote over until late Tuesday. Should his request be denied, debate would be limited to forty minutes under the house rules.

Report Approved. The majority report was approved by all Republicans of the ways and means committee except two, Representatives Treadway of Massachusetts and Tilson of Connecticut who voted against the measure in committee and who were not present today.

The estimate that the total cost of the bonus would be \$4,098,719,350 was based upon the assumption that 70 percent of the 4,458,199 veterans who would be eligible for compensation would accept adjustment service certificates, two and a half percent vocational training aid, ten percent farm and home aid and 7 1-2 percent land settlement aid.

The remaining ten per cent would be paid cash after passage of the bill under a provision requiring veterans whose adjusted compensation would not exceed \$50 to accept cash.

Total costs under the various options of the bill were estimated as follows: Cash payments of \$16,000,000; certificates on account of deaths \$577,571,000 and on account of maturity \$3,154,823,350; vocational training \$2,325,000; farm and home aid \$104,000,000 and land settlement \$112,000,000.

The greatest cost in any single year was estimated at \$3,154,823,350 in the fiscal year 1943 when the certificates then outstanding would mature.

The costs under all other options except the certificates would cease the report said in 1927. The last payments under vocational training would be in 1925; under farm and home aid in 1926 and under land settlement in 1927. After that time the only cost each year until the year of the maturity of the certificate would be payments on account of deaths of holders of certificates.

Cost By Years. The cost in the fiscal year 1923, the first year after the bill came into operation would be \$74,279,000, the report said, and the costs for each succeeding year up to, but exclusive of 1943, would be: 1924, \$124,440,000; 1925, \$121,370,000; 1926, \$136,825,000; 1927, \$42,935,000; 1928, \$27,046,000; 1929, \$27,233,000; 1930, \$27,415,000; 1931, \$27,640,000; 1932, \$27,932,000; 1933, \$28,265,000; 1934, \$28,600,000; 1935, \$29,004,000; 1936, \$29,448,000; 1937, \$30,003,000; 1938, \$30,593,000; 1939, \$31,333,000; 1940, \$32,144,000; 1941, \$33,195,000 and 1942, \$34,251,000.

JERSEY COW HAS WONDERFUL RECORD

NEW YORK, March 16.—Fauvies Star, a Jersey cow has set a new world's record of 20,616 pounds of milk and 1,096 pounds of butter fat produced in a year's authenticated test. The American Jersey Cattle club announced today. The test was begun February 25, 1921 when the cow was six years and eleven months old. She is the oldest daughter of Fauvies Prince silver medal bull. The animal is owned by Colonel A. V. Barnes of Lone Tree Farm, Newcanaan, Conn.

TRIBUTE BY SENATOR TO THE IRISH RACE

(By The Associated Press) WASHINGTON, March 16.—On the eve of St. Patrick's day, Senator Ashurst, Democrat, Arizona in the senate today paid a tribute to the Irish race. Replying to criticisms of Irish-Americans by Senator Williams, Democrat, of Mississippi, he said the Irish had a high civilization—established 1,000 years before the slant headed Welsh ancestors of the Senator from Mississippi and the slant headed ancestors of mine in Lancashire, had stopped eating raw meat.

Senator Ashurst deplored that Senator Williams on the day before the first St. Patrick's day since establishment of Irish peace had seen fit to "insult" the Irish.

KING FUAD IS TODAY NAMED EGYPT'S HEAD

New Independence of Ancient Land Duly Celebrated

(By The Associated Press) CAIRO, Egypt, March 16.—The proclamation today of the Sultan, Ahmed Fuad Pasha, as king of Egypt was accompanied by the firing of Salutes of 101 guns in Cairo, Alexandria and Port Said, and 21 guns in all the other provincial capitals.

Field Marshal Viscount Allenby, hitherto the British high commissioner accompanied by his staff, called at the royal palace and congratulated King Fuad.

Then Premier Saad Pasha, the king addressed a letter to our noble nation in which he said in part: "God has been graciously permitted the independence of Egypt to be attained by our hands. We are grateful to God and hereby announce to the world that from today Egypt enjoys independence and sovereignty."

"We have taken for ourselves the title His Majesty, King of Egypt, in order to insure the country's dignity and its international status. We ask God and the nation to bear witness that we shall endeavor to work for the welfare and happiness of our beloved country. We hope this day will inaugurate an era which will restore Egypt's grandeur."

The miners and their leaders at up insistent talk about higher wages and shorter hours as a part of the next agreement, but if you'd ask any one of the real readers and he told you the exact truth, the answer would be that a realized that a lower mining wage is a necessity and a certainty.

Deputies from the fire marshal's office are inspecting the business property in Jacksonville. No doubt some worth while suggestions will be made which if

followed out will help in the great work of fire prevention. Reasonable action by the deputy marshals is very helpful and if they avoid unreasonable orders their visit to Jacksonville will be generally appreciated.

Bear in mind that a road district election is to be held April 4, and that Jacksonville is in a road district. On that date the people of district No. 7, which includes this city, will choose a commissioner or entrusted with the expenditure of many thousands of dollars raised by general taxation. A thoroughly competent man should be elected to this position.

The cement manufacturers do not seem to be greatly disturbed about the state entering the cement manufacturing business. Neither is there much show of disturbance over federal indictments. As the result of a long inquiry indictments have just been returned and five states including Illinois and Wisconsin have been fighting the "trust." Now in the face of these facts and conditions, cement manufacturers announce an increase in price.

A Washington writer suggests that when a local Chamber of Commerce adopts a resolution favoring a new or a larger appropriation from the Federal Treasury for some local project, it should attach a clause declaring the willingness of its members to be taxed for similar appropriations for all other sections of the country. That tax clause would defeat many a resolution.

Several authorized agencies have started investigation of the causes which made the recent disastrous fire in Chicago possible. If the history of similar investigations is repeated, the results from this one will not be anything marvelous. In most such instances the inquiries drag along to such an extent that the interest wears out by the very fact of time elapsed and the intervening catastrophes.

State's Attorney Crowe touched upon this thought recently when he demanded that trials for murder and other high crimes should be brought within two or three months after the dates on which the crimes are committed. The theory is that in a great city crimes are so frequent that the public quickly recovers from the shock of each one. A revolting crime may be committed in March and the public is rightly indignant, but postpone the trial until November or later and other happenings have taken the edge off the horror of that March crime.

CHARGED WITH VIOLATING FIRE PREVENTION LAW
In Squire Theodore Arisman's court yesterday Joseph Mandonsa of North Main street was fined \$10 and costs. Charges were preferred against Mr. Mandonsa by the deputy state fire marshal alleging violations of the state law. Two deputies in the state fire marshal's office are spending a few days in the city in inspection work. The purpose of the department thru its inspection service is to seek to prevent fires.

"IRENE" A CLASSY MUSICAL PLAY

Production Greatly Pleased Audience at the Grand Thursday Night.

"Irene," a musical comedy by James Montgomery presented by the Vanderbilt Producing Co., at the Opera House last night measured up fully with the promises of Manager Wright. This production made wonderful records in the larger cities last year. Evidently the management has been just as careful in the personnel of the road company. As a matter of fact, it is said that most of the members of the company here last night appeared in the original cast.

Be that as it may, "Irene" proved a tureful production staged in a lavish and beautiful way. There is much more "in" this musical play than is true of many others, for the plot is full of interest.

The comedy work was exceedingly well done and a better chorus has not been heard in Jacksonville. "Irene" was given nothing but applause and commendation.

SPANISH WAR VETERANS HAD SPECIAL MEETING

W. H. Rule Camp, United Spanish War Veterans, held a special meeting Thursday evening at the Armory when the application for a charter was signed and other business given attention. A great deal of enthusiasm was apparent, as the new camp is starting out very auspiciously with a total of forty members.

Adjutant C. E. Cole offered his resignation which was acted upon and accepted, and W. A. Westrope was unanimously elected.

After the business session the members enjoyed an elaborate luncheon followed by a general social time. The meeting adjourned subject to the call of the adjutant and it is expected that the date for the installation of the camp will be announced in the near future.

It is the desire of the camp to append the names of all who are eligible and communications should be addressed to the adjutant, W. A. Westrope.

HOME COMING HELD BY TEMPLE ENCAMPMENT

The homecoming of Temple Encampment I. O. O. F., held at Odd Fellows temple on East State street Thursday night proved a very happy occasion. There were about 150 Odd Fellows and members of their families present. Dr. W. E. Sproull presided as chairman and an excellent musical and literary program was carried out. The principal address was given by Carl H. Weber, grand junior warden of the grand lodge.

Mr. Weber's theme was "How Shall We Interest the Families of Odd Fellows in the Order?" Mr. Weber laid emphasis upon the real meaning of Odd Fellowship, and what the lodge is doing for the social order and for the members themselves.

A social hour followed the program, and the Wives of the Patriarchs served refreshments in a generous way.

The deputy marshal who inspected the Mandonsa store stated that Mr. Mandonsa will be arrested on a new warrant every day until the premises are cleared up.

FUNERALS

Stewart

Funeral services for the late John W. T. Stewart of Franklin were held at 1 o'clock Thursday afternoon from the Christian church at Franklin. The services were in charge of Rev. F. E. Smith, of Indianapolis, Ind., and were of a most impressive character.

The church was filled with friends of the deceased, who had for so many years been one of the most highly respected residents of the Franklin community.

A quartet furnished music for the occasion, the singers being Miss Blanche Harney, Miss Lou Duncan, Dr. M. D. Henderson and Howard Teaney. A solo by Miss Harney was also a part of the service.

There were many beautiful floral offerings and these were in charge of Mrs. J. W. Tribble, Mrs. A. L. Ruble, Mrs. William Bull, and Miss Anna Bateman.

The remains were laid to rest in Franklin cemetery, the honorary bearers being J. L. Hills, John Wynn, Wesley Bland, Bert Rees, Henry Duncan, Edgar Sweet and George Boulware. The deceased, who was J. L. Sears, 1, L. Sears, W. B. Rogers, James L. Seymour, John Gray, and Richard McConnell.

WITH THE SICK

George W. Hughett of Beards town, son of Mr. and Mrs. Silas Hughett of West Lafayette avenue who underwent an operation for appendicitis at Passavant Hospital is doing nicely.

Miss Irene Norris of the sales force of Deppa's Store is confined to her home on Kosciusko street by illness.

Walter Inhoff is seriously ill at his home on Reid street and his recovery is a matter of grave doubt.

Thomas Bond, one of the long time residents of Jacksonville, suffered a stroke of paralysis at his home on South Church street Monday. Since that time Mr. Bond's condition has grown constantly worse. Yesterday his physician stated that the chances for Mr. Bond's recovery are very slight.

F. L. SHARPE TO SERVE AT ELKS CEREMONIAL

Local Men Will Serve as Installing Officer When William Fritz Becomes Exalted Ruler of Peoria Lodge.

F. L. Sharpe, who is well known among the Elks lodges of the state, has been invited to serve as installing officer when William Fritz becomes the exalted ruler of Peoria lodge No. 29 Wednesday, April 5.

A letter recently sent to Mr. Sharpe by Charles R. Livingston, secretary of the Peoria lodge, mentions that Mr. Sharpe is such a long time friend of Mr. Fritz, it was determined to ask him to serve as the installing officer. Following the ceremony a party will be given in honor of Mr. Sharpe and a number of prominent Elks from Chicago.

There are 1500 members in the Peoria lodge and the organization is one of the strongest in the state. It goes without saying that it is quite a compliment for the Jacksonville man to be chosen for the duties which have been assigned to him on this ceremonial occasion.

DEATHS

Blair

Mrs. Rebecca Elizabeth Blair passed away at a local hospital Wednesday evening after an illness of several months duration.

The deceased was born in Morgan county seventy years ago near the town of Bethel. She was married to Thomas Blair and since her marriage has resided in Chapin. Mrs. Blair made her home in Chapin for 43 years and was well known in the Chapin community.

Surviving are the husband, Thomas Blair, one daughter, Mrs. L. W. Bedford of Barrows, Illinois, and two sons, Frank Blair of Chapin and W. S. Blair of Versailles.

The remains were removed to the undertaking parlors of C. E. Williamson and son and prepared for burial. The body was afterwards taken to the home of a son of the deceased, Frank Blair, of Chapin and funeral services will be held there Friday afternoon at two o'clock. Interment will be made in the Chapin cemetery. A more extended obituary will appear later.

MINISTERS TO MEET AT SCHOOL FOR DEAF

Members of Jacksonville Association to Enjoy Program There Next Monday.

The Jacksonville Ministerial Association will be the guest of the School for the Deaf next Monday. The management of the school is making preparations for their entertainment and the ministers are looking forward to a pleasant and interesting day.

The program will display some of the work of the school. This is the third state institution that the ministers will have visited this year, they having already made visits to the School for the Blind and the State Hospital.

The School for the Deaf has announced the following program which will begin at 10:30 a. m.: Introductory Address—Mr. Putnam.

Speech and Lip Reading, First Grade—Miss Berkeley.

Our Hearing, Second Grade—Miss Davis.

Intermediate Class Work—Miss Russell.

Advanced Class Work—Miss DeMotte.

James Smith was one of the business arrivals from the east part of the county yesterday.

HIERONYMOUS FUNERAL HELD AT WINCHESTER

Remains of Prominent Beards town Resident Laid to Rest With Impressive Services—Other Scott County News.

Winchester, March 16.—The funeral services for the late William Hieronymous, prominent clothing merchant of Beards town, were held at the First Congregational church there Tuesday morning. The services were in charge of Rev. A. E. Bevoes, assisted by Rev. Father George Henesey. One hundred members of the Elks lodge gathered at the family home and escorted the remains to the church, where the impressive services were held.

At 12 o'clock a special train over the C. B. & Q. conveyed the remains and 150 relatives and friends to Winchester, where the burial took place. The floral offerings were especially beautiful. The train arrived at Winchester at 2:45 and the remains were conveyed at once to the cemetery where the services were conducted by Rev. Mr. Bevoes.

The deceased had always lived in Beards town, but was well known in this locality as he frequently visited his father and other relatives here. The family have the sympathy of their many friends in their sudden and great bereavement.

News Notes

A message was received by Mrs. N. T. Lashmet and family telling of the arrival of a son at the home of Mr. and Mrs. John Sherlock at Denver, Colo. Mrs. Sherlock before her marriage was Miss Vivian Lashmet.

The members of the Methodist church had their annual chicken supper Thursday evening, and a very large number of people attended. An excellent menu was served and quite a large sum was realized for the church treasury. The event was one of the most successful which the members of the church have had in recent years.

The Legion Follies was again given at the Lyric Thursday evening. Another large audience was present and the program presented was equal of the former excellent presentations. Jesse Gibbs of Canton is visiting relatives here.

GREENE COUNTY LIVE
STOCK RAISERS MEET

Annual Meeting of Greene County Purebred Livestock Association, Held at Carrollton.

White Hall, March 16.—The annual meeting of the Greene County Purebred Livestock Association was held in Library Hall, Carrollton, Tuesday, and was conducive of an exchange of excellent ideas for the improvement of the livestock industry of Greene county and making this influence felt as far as it is possible. The opening session at 10 o'clock was presided over by President W. S. Cora, and the election of officers resulted in the retention of Mr. Cora as president, the other officers being as follows: Vice-president, Lee Husted, Roodhouse; secretary, E. M. Phillips, county farm adviser, Carrollton; treasurer, J. L. Beatty, Carrollton.

Following dinner at Hotel Peterson, the members reconvened to hear presented the following topics: "How to Get the Farmer to Make Wider Use of Purebred Livestock," discussed by Vernon Vaniman, C. B. Rives and K. T. Smith; "Purebred Standards and Market Requirements," Prof. H. W. Smith, University of Illinois; "Elimination of Scrub Sires," Prof. C. S. Rhode; "Marketing Purebred Stock," W. S. Cora; "Getting a Start with Purebreds," H. T. Rainey.

An outline of the program for the ensuing year provides for public sales of livestock over the county by the association, and advocacy all legitimate ways the use of better sires.

TWO BASKETBALL
GAMES TONIGHT

Double Header at David Prince School Promises Much Interest For Fans.

Tonight at David Prince Gym basketball fans are promised plenty of excitement. There will be two games contested. The curtain raiser will be played by the second team of David Prince and the eighth grade of the Parochial school. The second game will be between Troup 4 of the Boy Scouts and David Prince's first team.

While interest centers around the game by Troup 4 and David Prince's first team the curtain raiser promises to be some thriller in itself. It is said that David Prince's first team and Troup 4 are very evenly matched and that the contest promises to be one worth while as both teams are backed by many who hold them capable of winning. They have come together several times recently but not in public and each contest has developed a close battle of points.

Coach Mitchell has been watching these teams and vouches for their snappy playing. Ed Lewis, a high school player, has been coaching the David Prince team and thinks they will win. Troup 4 is composed of high school boys and they too have been going under good guidance. Both these teams are confident of winning and the game promises to be an exciting one.

David Prince second team was recently defeated by the Catholic boys and since then they have worked hard and expect to get their revenge by defeating the parochial team.

The line-up will be for David Prince first team Pires and Patterson, forwards; Fitch center; Dodsworth and Hitt, guards.

The line-up for Troup 4 will be Graff and Olds, forwards; E. Hoover, center; Cummings and Dweese, guards.

Wallace Baptist coach of the Yankee five will referee the games.

ENTERTAIN MEMBERS
OF CHAPIN COTERIE

Mrs. T. H. Pratt is Hostess to Club Women at This Week's Meeting—Other Chapin Items of Unusual Interest.

Chapin, March 16.—Mrs. T. H. Pratt delightfully entertained the members of the Coterie and other guests on Wednesday afternoon, March 15. In answer to roll call some of the new inventions were discussed. Mrs. W. T. Cowdin had a well prepared paper on the "Carnegie Institute." Mrs. E. H. Nienhueser briefly discussed "Teleposts," and also read a short story, "Urn Burial," by Christopher Morley. Miss Carrie Dietrick, who had recently returned from a trip south as far as Miami, Florida, and return by way of Washington, gave a most interesting account of her trip. Delicious refreshments were served by the hostess, Mrs. Edgar Watkins of Petersburg was a guest.

The Ladies Aid of the M. P. church met at the parsonage Thursday afternoon with Mrs. O. W. Lough. There were eleven members present. The afternoon was spent working on the silverware cases. During the hour the hostess served delicious refreshments. Mrs. F. P. McKinney was a guest.

The St. Patrick's Day program to be given at the Community high school with Garlan Perbix presiding, is as follows:

Song—"Wearing of the Green."
The New Old Ireland—Martin Guinane.

A New Stage in Irish Affairs—Arl Schumacher.
Ireland's Stormy Peace—Ione Simpson.

Dawn of Sanity in Ireland—Doris Anderson.
March 17—Sophomore Quartette.

Irish Free State—Leta Fouts.
Irish Settlement, (Humorous)—Gladys Hamilton.

Leaders in Ireland—Deneen Brewer.
Ireland's Industrial Future—Vera Rice.

America.
John Onken and J. F. Burnham were Springfield visitors Wednesday.

The members of the graduating class of the high school took teachers' examination in Jacksonville Thursday.

The death of Mrs. Thomas Blair, a well known resident of Chapin, occurred at a local hospital at 12:45 Wednesday afternoon, March 15th, 1922, after several months' illness.

Rachel Elizabeth Tunnell was the daughter of Stephen and Sarah Tunnell, being the oldest child of a family of ten children. She was born near Athens, Ill., June 22, 1848, being 73 years, 8 months and 21 days of age at the time of her death. She was united in marriage to Thomas Blair, Oct. 1865, near Meredosia.

To this union were born three children who, with the husband, are left to mourn her loss: Frank E. of Chapin, Mrs. Ida Beddingfield of Barrows, and William of Versailles. Also five grandchildren and five great grandchildren; three sisters, Mrs. Mary Sargent of Galesburg, Mrs. Nancy Jones of Chapin, and Mrs. Mattie Libby of Oneida, Ill., and one brother, Charles Tunnell of Galesburg. Her parents, four sisters and one brother preceded her in death.

A few months after their marriage they began housekeeping in Bethel where they lived a number of years and later moving with their family to Chapin where they have since resided. Mrs. Blair united with the Christian church during a revival held some years ago by Rev. R. A. Omer.

The body was prepared for burial at the undertaking parlors of Williamson & Son and later taken to Chapin where funeral services will be held at the home of her son, Frank Blair, at two o'clock Friday afternoon, with interment in Chapin cemetery.

Mrs. Howard Tucker spent Thursday in Jacksonville.

Mrs. F. E. Blair was a business visitor in Jacksonville Thursday morning.

PARENTS AND TEACHERS
OF CHAPIN ORGANIZE

Mrs. W. D. Roberts, chairman of the Parent-Teachers Association of this district, met the teachers and patrons of the schools of Chapin yesterday and perfected an organization of the parent-teachers association in the schools of that place. The association starts out with a membership of 40 and has a bright future. Those attending were very enthusiastic over the work and its prospects. Among the teachers present were Miss Mary F. Black, principal; Miss Irene Neiman, Miss Isabel Fox and Mrs. Ellen Coultas.

The association elected the following officers: President—Mrs. J. Simpson. Vice president—Mrs. Nelson. Secretary—Miss Mary S. Black. Treasurer—Mrs. Fred Munman.

The children of the seventh and eighth grades entertained the association by singing several spring songs.

ALEXANDER CLUB
GIVES BENEFIT TEA

The tea given by the Alexander Woman's club Thursday afternoon at the home of Mrs. W. J. Kumle was a successful affair, both socially and financially. This was one of several such affairs which the club is giving for the benefit of Our Savior's hospital in this city, and the attendance was so large and the patronage so liberal yesterday that quite a substantial addition was made to the sum already secured.

A delightful music program was given during the afternoon. Mrs. Lester Gray furnishing some piano selections and Mrs. Kenneth Beerup a group of songs. The refreshments which were served were excellent and in every way the tea was a delightful event.

With the Grand Prize
Eureka Electric Vacuum CleanerYour Work will be
A Pleasure
and your Home a Delight

The measure of Eureka Superiority lies in the great volume of air that rushes thru the nozzle—and the Velocity at which it travels.

The wonderful little Eureka Motor creates an exceedingly high vacuum that pulls a great volume of air through the carpet or rug; and the velocity at which this air travels loosens every particle of dust or dirt embedded in the fabric and carries it up into the dust bag.

The carpet or rug is left perfectly clean and sanitary.

The Eureka cleans in the most thorough manner not only all carpets and rugs—but with its numerous attachments it is just as effective in the cleaning of upholstery, mattresses and draperies.

The brush inserted in or attached to the nozzle of this type of cleaner is there solely for the purpose of removing the lint, hair and threads from the surface. The air gets the dirt—the dirty unsanitary dirt embedded in the rug or fabric.

FAMOUS DIVA NOW SAYS SHE ACTUALLY EJECTED HUSBAND

Wonderful Chauffeur Mate Proves to Be "False Alarm"

(By The Associated Press) ST. LOUIS, March 16.—An operatic program which somewhat parallels her present position will be sung by Mme. Margarette Matzenauer here tomorrow night, she announced to newspapermen today after her arrival from Joplin in interviews relative to her separation from her husband, Floyd Glatzback, who is reported as driving a sightseeing automobile bus in Delmont California.

Mme. Matzenauer will sing Sen-ta's Ballad from "The Flying Dutchman," who was a sort of chauffeur himself—a ship's captain doomed to sail the seas thru eternity, unless some maiden who would be faithful unto death should rescue him. Senta's song is the song of adoration addressed to the seafaring chauffeur who was "picked from the trough" as Mme. Matzenauer says she picked Glatzback from the "gutter."

Other songs on her program are "Love's Death" in which the par-al-lel is not destroyed and "Dreams" and "Sorrows."

Madame Matzenauer said the ejection of her husband from her New York apartment was not only figurative but literal, as she threw him out after reading a let-ter from "that woman in Califor-nia," who she says is 50 years old.

The diva says she and her hus-band now agree on only one point and that is their separation is forever.

"I picked him up from the gutter, thinking my great love would remake him," she said. "I have lived the game and have given up. I want to get rid of him."

The divorce action mentioned by her earlier in the week is now in the hands of her New York at-torneys she said.

Referring to her letter to Glatz-back that she was about to be-come a mother, Madame Matzen-auer said:

"Happily that has turned out to be a false alarm." This statement she said is supported by that of a specialist of Ann Arbor, Michigan. The two were married on June 13, 1921, at Carlsbad, Calif.

APPROVES ADVANCES FOR FARMERS' LOAN Washington, March 16.—Ap-proval of 96 advances for agricul-tural and livestock purposes ag-gregating \$2,312,000 was an-nounced tonight by the war finance corporation. The loans as distributed included:

Illinois \$ 40,000 Iowa 130,000

SHORTAGE OF BABIES FOR ADOPTION. EVANSTON, Ill.—For the first time there is a shortage of babies for adoption, though hitherto the supply exceeded the demand ac-cording to C. C. Carstens, direc-tor of the United Welfare League of America, in a statement quoted in the Union Signal, organ of the National W. C. T. U. The statement ascribes the chance to prohibition "which has so im-proved conditions in the home that babies are no longer turned over to foundling asylums."

The journal also quotes Judge J. Kent Green of the Commerce Court of Chicago as asserting that the Washingtonian Home of that city, of which he is president, is the sole survivor of 60 or more American institutions for the treatment of inebriates and that its own existence is threatened by loss of patronage. Whereas, the home formerly cared for 41,779 people, it now has only three in-mates, of whom only one is al-coholic, Judge Green said.

Mr. and Mrs. Albert Potter were Jacksonville visitors Saturday.

BRIEFS

(By The Associated Press)

DES MOINES, Ia., March 16.—Iowa taxes have increased more than our-fold in the last 17 years, according to figures compiled by Major Glenn C. Haynes, auditor of state. Taxes to be collected this year amount to \$104,225,653.62, as compared to \$25,724,181.53 collected in 1905.

KANSAS CITY, Mo., March 16.—A wage reduction of probably 50 per cent in the present scale for miners of the southwest is being considered by members of the newly organized Trans-Mississippi District Association of Coal Operators, according to a state-ment here today by Harry N. Tay-lor, chairman of the association. The contemplated reduction, he added, would leave the basic wage scale higher than the one in ef-fect before the government took over the miners.

WATERLOO, Ia., March 16.—A "buy a thousand bushels of corn movement", nation-wide in its scope as an immediate means of relieving the corn belt farmer financially would be instituted by M. L. Bowman, agricultural di-rector of the greater Waterloo association.

A whirlwind campaign, similar to that of the "buy a bale of cot-ton" movement a few years ago is the idea of Mr. Bowman.

MACOMB, Ill., March 16.—Services of physicians are at a premium in this section and one community—Scioto—has reached the stage where inducements have been offered doctors to locate there. A petition was addressed to a physician in Baritan, asking a doctor there to move to Scioto. The bad condition of the roads during the last week has made it impossible for many doctors to make their usual calls.

U. OF I. EXPERIMENTS ON SANITATION. URBANA, Ill.—Reduced plum-bing bills and improved sanitation are the aims of experiments car-ried on by the University of Illi-nois under the direction of Prof. H. Babcock of the College of En-gineering.

Professor Babcock has been mak-ing investigations to determine capacities of waste and ventila-tion lines in an effort to reduce pipe line costs. He states that if pipe lines are cut "certain size in a cer-tain manner, it will add material-ly to better sanitation conditions and eventually will result in greatly reduced plumbing bills."

A report of these experiments was recently made before the an-nual convention of the Illinois Master Plumbers at Urbana, which passed resolutions endorsing and supporting the work done by the University and urging its exten-sion.

GERMAN OFFICIALS REFUSE TO TAKE OATH. Berlin.—By the A. P.—Public officials in some of the federated German states have refused to take the oath of allegiance to the republican constitution on the ground they owed allegiance only to their own state.

The point of law evoked lively discussion particularly in Bavaria where respect for the present Ger-man regime is not very deeply grounded. Legal suits were brought in two cases for rein-statement of the officials whose offices had been declared vacant on account of their non-constitu-tional attitude.

One court ruled the oath was unnecessary but a higher court reversed the decision.

MARY AND HER HUSBAND IN ITALY. Florence, Italy, March 11.—Princess Mary and Viscount Lascelles, continuing their honey-moon tour, arrived this afternoon from Paris.

Mrs. Hulda Moore and Mrs. Mary Moore are both confined to their homes by illness, were reported to be somewhat better, Sunday.

COAL MINERS TO HAVE A. F. L. HELP

(By The Associated Press)

WASHINGTON, March 16.—Bituminous coal miners who have voted to cease work April 1 "come what may, will have the support of the American labor movement in their struggle," President Gom-pers of the American Federation of Labor said in a statement to-night. Coal mine owners "bound by a solemn agreement to confer with the workers upon the terms of a new wage agreement," after that date have "refused to abide by the terms of their own pledge," he said, adding that "no group of employers in any industrial con-troversy in this country has ever placed itself in a more indefensi-ble position."

"The citizenship of America can draw from this conduct but one conclusion," Mr. Gompers on-tinued, "and that is that the mine owners wish it to be understood that the pledge of mine owners is valueless. * * * They are willing to break their own word if by so doing they can reduce wages or weaken the union. Prof-its and power with the mine own-ers come first."

J. D. A. Morrow vice president of the National Coal association made public tonight copies of a letter addressed to John L. Lewis, president of the mine workers complaining that the union had sent "broadcast" error-ous versions of testimony given by coal witnesses seeking railroad rate reductions before the inter-state commerce commission.

WILL CARRY ON WORK IN U. S. Manila, P. I.—By The A. P.—The work of the American Guardian Association which was recently formed here to care for orphan children born of American fathers and Filipino mothers, is to be carried on in the United States, according to word just re-ceived here. Many former resi-dents of the Philippines have asked to be enrolled as absent mem-bers of the association and have signified their desire to aid in the work. Among those who have expressed their intention to further the association's aims in the United States are, W. Cameron Forbes of Boston, former governor gen-eral of the Philippines, Bishop Charles H. Brent of the Episcopal church and Mrs. Eleanor Franklin Egan of New York.

The association has enrolled ap-proximately four hundred mem-bers in Manila and other cities in the Philippines and now has un-der its care more than two dozen mestizo, those born of Filipino mothers and foreign fathers, six mestizo boys have been placed on an agricultural farm at Mues, Nueva Ecija province, where they will be taught farming and where after a few months they may earn money which will be placed to their credit when their course has been finished.

PETITION ADMIRAL TO PAY MEN OF FLEET. MANILA, P. I.—(By the A. P.)—Merchants of Olongapo have petitioned Admiral Joseph Strauss to pay off the men of the Asiatic fleet at Olongapo once more be-fore the naval station there is re-moved to Cavite. The merchants in a petition to Admiral Strauss say they have considerable stocks of goods on hand that they will suffer losses unless the sailors can be paid off at Olongapo at least once more. The petition also de-clares that many natives have been thrown out of work by the curtail-ment of work at the Olongapo naval station, since the decision to abandon the station and concen-trate the activities at the Cavite station.

OBENCHAIN JURY GETS CASE FRIDAY

(By The Associated Press)

LOS ANGELES, Calif., March 16.—Asa Keyes, deputy district attorney, was nearing the close of the final argument in the trial of Mrs. Madalynne Obenchain, charged with the murder of J. Belton Kennedy, when adjourn-ment was declared late today. In-dications were Keyes would com-plete his address in the morning and that the jury would retire by noon.

Keyes replied to defense argu-ments that no motive had been shown for Mrs. Obenchain to con-spire with Arthur C. Burch to slay Kennedy, by declaring it had been shown she had been spurned by Kennedy. He reviewed the rela-tions between the defendant and the slain man from 1917 to Aug-ust 5, 1921, the date of the shoot-ing, and read from the letters which passed between them.

"Kennedy turned her down, not once, but three times," the pros-e-cutor declared.

Keyes said that Mrs. Obenchain's letters "speak more truthfully than her lips" and argued to the jury that the letters showed the motive for the crime in Kennedy's refusal to marry her.

PARK BOARD MEMBERS IN REGULAR SESSION

Rules and Regulations Governing Fishing and Hunting at Mauvaistere Lake Adopted at Thursday Night Session—Plan to Erect Bridge.

At the meeting of the park board Thursday night rules and regulations governing fishing and hunting at Mauvaistere lake were adopted. These rules were suggested by a special committee ap-

pointed by the Jacksonville branch of the sportsmen's association. Members of the committee include H. C. Goebel, F. L. Sharpe and T. A. Chapin.

It is understood that the rules and regulations which the board adopted will be enforced by the sportsmen's association. It is the intention of the association to have the lake properly patrolled and the rules enforced.

Another matter of special interest before the board was with reference to the bridge it is hoped may be erected at Mauvaistere lake this year. Plans furnished the board by T. A. Chapin have been approved. The proposed structure will be of steel and concrete, about 160 feet in length. The roadway will be 18 feet wide and the space for foot passengers 6 feet. According to the present plans the bridge will be thrown across the spillway practically at the place now occupied by the foot bridge.

Superior avenue, the street which runs in front of the pumping station, will be extended in such a way that it will cross the old bed of the creek and then angling to southeast will carry travelers to the approach to the bridge. In order to make this possible, a concrete spillway or culvert is now being built in the old creek bed and the road will be extended above it.

The rules mentioned above relating to fishing and hunting as adopted by the board are as follows:

Fishing will be permitted under the following regulations:

No fishing other than hook and line.

No fish shall be taken from the lake less than seven inches in length.

All fish caught measuring under these regulations shall be immediately put back into the lake.

Hunting will be permitted under the following regulations:

Hunting with rifle or pistol is positively prohibited at all times.

Hunting on Sunday is prohibited.

During the months of November and December, persons possessing state hunter's license, will be permitted to shoot water fowl on lake in compliance with state laws. Killing, or attempting to kill any other game in Mauvaistere lake park is forbidden.

Last three reels, "I Believe," Westminster Sunday evening.

YOUNG ARTISTS GAVE FINE PROGRAM

Miss Alma Mehus and Margaret Morris Appeared in Joint Recital at College of Music Thursday Night.

Two dainty, charming and winsome little maids completely swept their audience off its feet last evening at Music Hall. They were Miss Alma Mehus, pianist, and Miss Margaret Morris, violinist, who appeared in joint recital under the auspices of the children's department of I. W. C.

Jacksonville has probably never before heard such playing by artists of such tender years, and it will be difficult to find another duo to equal them. The program was one of great music throughout, unrelieved by lighter strains, and the interest of the audience was intense. In speaking of these two artists one is moved to use only superlatives.

Miss Alma Mehus opened the program with Tansig's massive arrangement of Bach's "Tocatta and Fugue in D Minor for Organ." It took but a few minutes to prove to the audience that she was complete master of every phase of her art. At first her technique astounded but presently one forgot it in the spell of the music itself. Her tone is tremendous not only in power but in its depth, its nobility and the deep sympathy that grip the hearer as she sweeps up to her mighty climaxes.

Her second offering was Beethoven's tempestuous and emotional "Appassionata Sonata." Her handling of it was traditional and profound with yet a human touch of favor, passion and abandon. Miss Mehus gave an expressive performance, with subdued calm in quiet passages contrasted with emphasis and crashing chords well adopted to the mood of the first movement. Then followed the second movement with a wealth of tonal beauty and the last—gay, dazzling, excited movements which again showed her dramatic power and the strength and speed of her finger.

In the familiar "Cello Etude" by Chopin Miss Mehus' tone was of a depth and appeal that stirred. The "Scherzo" which followed was superb—it sparkled, it wept, it throbbed with life. Again her technical equipment showed itself so perfect one was scarcely aware of it.

In the last group Miss Mehus was gorgeous. It consisted of two Liszt "Etudes" and one Paganini—Liszt "Etude." Her beauty of phrasing, her perfect runs—pearly, murmuring or scintillating as the case might be, the poignant sweetness of her melodies, the delightful contrasts of delicacy and power, contributed to make this the liveliest group of all. Temperament coupled with such dazzling technique makes her a thrilling artist.

Miss Mehus played several encores. Each was an individual joy. The "Revolutionary Etude" by Chopin was dashed off with a speed, volume and endurance that was thrillingly exciting.

"The Sea" by Palmgren was given a most impressive rendition. One felt and almost saw the rise and fall of the waves and the thunderous fortissimo was surely the crash of surf upon the rocky coast.

The "C Sharp Minor Nocturne" by Chopin was played with a piercing sweetness in the plaintive melody.

Miss Margaret Morris' virtues include a large warm and vibrant tone, of a mellow 'cello quality on the lower strings, technical resourcefulness, vitality and poise. She has a musician's sense of rhythm and fine perception of phrasing. She played first the Bruch "D Minor Concerto."

Tonally and technically it was beautiful. There was a tremulous sweetness in the upper tones and a full-throated, appealing tone in the lower.

Her second group consisted of four charming contrasted numbers. "Poem" by Fidlerich was a tone poem of rich, full tones; "Village Dance" by Burleigh was rhythmic, precise and sparkling. "The Walnut Tree" by Schumann-Auer was played with simplicity, beauty and such naive emotion, that it was distinctive. "The Romance" from Wieruawski's concertos sang with an authentic charm, untarnished by sentimentality.

Miss Morris' last number was Vieuxtemps' "Fantasie Appassionata" a glorious violin number. A luscious tone characterized the melodies, while a firm, sweeping bow and true, nimble fingers subjugated the more technical portions. Miss Morris is a young artist of high ideals who combines with a technique of ample proportions a sensitive touch, a deeply musical nature and an unerring instinct for total beauty. Young she is in years, but her art is neither young nor immature.

The audience insisted upon more so Miss Morris added as encores the "Orientale" by Cui, "Samoan Lullaby" by Boyd and "Souvenir" by Brdla, each performed with charm.

Miss Alma Mehus appeared in the double role of pianist and accompanist. It is not frequently that accompaniments are played as well as Miss Mehus did them last evening. They were very much a part of the solo and still were distinctly treated as if they in themselves meant something to the pianist.

CLEAN-UP CAMPAIGN TO TAKE PLACE IN APRIL.

The committee on the Clean-up and Paint-up campaign to be staged by the Jacksonville Chamber of Commerce has decided that the opening week of the campaign will be April 16th to April 22nd. The cooperation of the Woman's Club has been assured and the Kiwanis, Rotary, Automotive Dealer's Association and similar organizations will be asked to assist in the movement.

The Boy Scouts will also lend their aid and the school children of the city will help. Advertising matter, such as window displays, posters, label buttons, movie slides, etc., will be ordered within the next few days and will be used extensively in the campaign.

A letter received by the committee yesterday from the National Headquarters at St. Louis announced that 12,000 towns in the United States are making a spring clean-up campaign this year.

The fact that such a campaign furnishes employment for the many people out of work, has caused this movement to be very popular this year.

COUNTY FEDERATED CLUB BOARD MET

Executive Committee Discussed Various Matters of Business at Luncheon Held Thursday—Good Work Done at Oak Lawn.

The executive board of the County Federation of Woman's Clubs met yesterday at the home of Mrs. Ben Lurton on South Main street. The officers and the precinct chairmen were present at the luncheon served at 12:30 o'clock and after the luncheon a business meeting was held. The delicious dinner menu was served by Mrs. William Cleary, Mrs. Frank Hunter, Mrs. Frank Green, Mrs. Earl Rexroat and Mrs. J. Marshall Miller.

Mrs. W. T. Scott, the federation president called the meeting to order and the birth registration campaign was the subject of important consideration. The president appointed the precinct chairmen as the heads of committees to see that all births since 1916 be properly registered. An effort will be made to complete the birth records of Morgan county as far as possible so that when the statistics are taken in April this county will come up to the ninety percent required by federal authorities.

Mrs. Paul Allyn of Waverly gave a report of the work done along this line in Waverly. Mrs. Allyn represented the Woman's Club which has a membership of 117 and which has been very successful since its organization. Mrs. Raymond Vasey, the treasurer, gave a report showing \$1,469.80 paid out for Oak Lawn Sanitarium and a balance of over \$800 in the treasury. Mrs. Scott congratulated the members on the work done in the furnishing of Oak Lawn, which has been accomplished by the cooperation of the Woman's Clubs in the county. She pointed out the need of hens at the sanitarium and plans were made for a "Hen Day" when chickens will be collected and taken to Oak Lawn.

The County Federation Board now has charge of the largest living room at the Sanitarium and it has been attractively furnished with old furniture, which was repaired and with a number of new pieces. Mrs. Scott stated that the women of Morgan county are to be thanked for their efforts in making possible the opening of the sanitarium. Miss Harriet Sebert of the Art committee told of the post contest to be put on by the Jacksonville Woman's Club and the Chamber of Commerce, in which prizes will be given for the best posters on "Civic Beauty" and "Clean Week."

Mrs. Eugene Hart of Sinclair, the new chairman of the department of public welfare, attended this meeting. The others present were the president, Mrs. W. T. Scott; County Vice Chairman Mrs. William Cleary; City Vice President Mrs. J. Marshall Miller; Secretary, Mrs. Frank Hunter of Strawn's Crossing; Treasurer, Mrs. Raymond Vasey, of Markham neighborhood; Mrs. F. M. Roberts of Chapin, Civics Chairman; Mrs. H. E. Tucker, of Chapin, conservation chairman; Mrs. J. W. Arnold of Arnold, thrift chairman; Miss Harriet Sebert, Art chairman; Mrs. Ben Lurton, publicity chairman; Mrs. Paul Allyn, Waverly, precinct chairman; Mrs. J. T. Little, Alexander precinct chairman; Mrs. Frank Green, Sinclair precinct chairman; Mrs. W. W. Anderson, Chapin chairman and Mrs. Lucille Henry, Woodson chairman.

KIWANIANS HEARD ABOUT EUROPEAN TRIP

Rev. Father F. F. Formaz Told Kiwanis Club Members Yesterday of Recent Visit to European Countries.

St. Patrick's Day colors were used in the decorations for the luncheon of the Kiwanis club at the Peacock Inn yesterday. President Farrell presided during the brief business session and then introduced State's Attorney Carl E. Robinson as the chairman for the day.

The address delivered by the Very Rev. Dean F. F. Formaz, who gave a very informing account of his six month's stay in Europe. Miss Louise Miller of Illinois college of Music sang a group of songs with her usual artistic excellence.

Father Formaz narrated mainly his experiences and impressions of Spain and Italy. The Jacksonville man was in the latter country at the time of the ceremonies attending the burial of the unknown soldier in Rome. The body was conveyed from northern Italy and ceremonies of an impressive kind were held in dozens of cities and hamlets thru which the cortege moved on the way to Rome.

In the latter city there was a great and impressive observance. Father Formaz told his hearers that the Italians have a friendly feeling for the United States and concede that this country had something to do with the winning of the war, but for the most part are confident that the greatest influence of all in this matter was wielded by Italy.

The Kiwanians found of special interest Father Formaz' story of his visit to Pope Benedict XV, now deceased. The speaker has traveled in Europe several different times and so speaks with more than the usual amount of information on European subjects.

Social Events

Northminster Missionary Society.

Northminster Church Women's Home and Foreign Missionary Society held its regular meeting on Thursday afternoon. The leaders were Mrs. Sophia Day and Mrs. Carrie Joaquin. Mrs. Lillian Sardinia, Mrs. Elizabeth Day and Mrs. Mary Baptist read very interesting articles on both Home and Foreign Missionary work. Refreshments were served after the meeting was adjourned.

Entertains Noble Grand Club.

Mrs. Blanche Cully entertained the members of the Past Noble Grand Club of Rebekah Lodge No. 13 last evening at her home on South East street. The hostess had planned a clever guessing contest and a prize in keeping with the occasion was given to the winner of the contest. This was the regular monthly meeting of the club and the routine business was transacted. About fifteen members were present and all spent a very enjoyable evening. The delicious refreshments served during the evening carried out the theme of the evening carried out.

Hostess to Friends.

Mrs. Ed Begale entertained a limited number of friends at a delightful informal afternoon company given yesterday at her home on North Diamond street. About ten guests were present and the afternoon hours were pleasantly spent in an informal social way. The pretty touch of St. Patrick's Day was evident in the attractive luncheon served in the course of the afternoon.

Sinclair Country Club in Regular Session.

The Sinclair Country Club held a regular meeting Wednesday afternoon with Mrs. Charles H. Curtis. There was a large attendance of the members and a very interesting program was carried out. There was a paper on "The Irish Problem" by Mrs. Albert Swain, and members responded to roll call by giving an Irish joke.

A social hour followed the program, and the hostess served delicious refreshments. Miss Marie Taylor of Waverly was a guest of the club. The next meeting will be held on Wednesday, March 29, with Miss Erna Fox.

Elks to Have St. Patrick's Day Dance.

A dance at the Elk's Home will be among the many social functions in the city tonight in honor of the birthday of St. Patrick, the patron saint of Ireland. All arrangements for the affair have been made and it promises to be one of the most delightful St. Patrick's Day events. The hours are from 9 o'clock to 1 and special music has been secured for the evening. From 9 o'clock until 10, Kirkland, the famous colored comedian and musician will furnish the music for dancing. Between the hours of ten and one o'clock a selected orchestra from the Band Box Revue and the Grand Theatre Orchestra will play. Harold Dunlap will play the violin with the selected orchestra. Refreshments will be served by the club management and all plans for the dance are such as to make it an enjoyable holiday affair.

It had previously been the plan to have an elaborate affair on this night but owing to circumstances the idea was given up. However, there were so many requests for a St. Patrick's Day affair received that the Elks social committee decided yesterday to have the dance. The regular committee will be in charge of tonight's event.

Busy Beams of Christian Church Met.

The Busy Beams class of Central Christian church, taught by Miss Annabel Crum, held a social and business meeting in the church parlors Thursday evening. A delicious supper was served.

after which came the business session. The following officers were elected to serve for the ensuing year:

President—Wilma Ruyle.
V. President—Izetta M. Kumle.
Secretary—Barbara Cooper.
Assistant Secretary—Vera Coultas.
Treasurer—Rhoda Clark.

Various other matters of business were given attention, including the appointment of a number of committees, after which the meeting was adjourned.

Entertain Card Club.

Mr. and Mrs. H. J. Smith delightfully entertained the members of their card club last evening at their home on North Diamond street. Three tables of bridge were made up and the evening was enjoyably spent with playing. The dainty supper served at a late hour carried out the St. Patrick's Day idea with the use of pretty favors and flowers.

Queen Esther Society Met.

The Queen Esther Society of the Centenary church met last evening in the social parlors of the church. The hostesses for the evening were Misses Marceline Cowgur, Esther Collins and Ruth Williamson. Miss Clara Smith was the leader and took the chapter from the study book for review and discussion. "Young America at the Cross Roads," was the subject of the program. After the discussion the rest of the evening was spent with games and a pleasant social hour. The hostesses served attractive refreshments.

Hostess to Fortnightly

Miss Agnes Paxton was the hostess at the regular meeting of the Fortnightly Club yesterday afternoon at her home on Jordan street. The program was a very interesting discussion of "The Years of My Youth," by William Dean Howells, America's famous man of letters. A review of this autobiography was given and also a commentary on Howells' work and literary style. Mrs. L. S. Doane and Miss Paxton gave the program. The afternoon closed with a short social hour and dainty refreshments were served.

Hostess at Luncheon.

Miss Violet Davis entertained a number of friends at luncheon yesterday at her home on South Diamond street. The affair was very informal and only a few were invited. A delicious menu was served and the event was delightful in every way.

St. Patrick Social at Brooklyn.

A most attractive St. Patrick's Day social was held last evening at Brooklyn church by the members of the Epworth League. The church had been prettily decorated for the occasion with green and white streamers and other touches of old Ireland. Each guest came dressed in the costume of some Irish character and the motly array of gayly dressed young people made a very attractive picture.

The evening was spent with games and contests appropriate to the occasion. An informal program was given consisting of a reading "An Irish Jubilee" by Jim Allan and an Irish song sung by Dorothy Randle. The evening passed merrily and every one had a delightful time. The refreshments cleverly carried out the St. Patrick's Day idea. The first course included boiled potatoes and the second course was also suggestive of Ireland with Shamrock molds of ice cream, green candies and cakes with green favors on them.

The entertainment committee for the party included Louise Sheppard, Kathryn Randle and Harriet Cox. The decoration committee was composed of Olive Randle, Rex Mason and Carl Beach. The refreshment committee included Elbert Whitlock, Elizabeth Boruff and Dorothy Randle.

Orleans Country Club Meets.

The Orleans Country Club held a regular session recently at the home of Mrs. Lucy Davis on South Diamond street in this city. The attendance was large and a very delightful afternoon was spent. All former members of the club were the special guests of honor of this occasion. The program included a paper on "Alaska" by Mrs. J. T. Little, and there was also several piano solos by Miss Violet Davis. There was a social hour following the program, and the hostess served delicious refreshments.

The next meeting of the club will be held on Tuesday April 11, at the home of Mrs. J. T. Little in Alexander.

BIRTHDAY SURPRISE FOR FRANKLIN RESIDENT

Mrs. W. N. Luttrell was given a very pleasant surprise Thursday evening by a number of her friends. The event was planned in honor of Mrs. Luttrell's birthday, and she was genuinely surprised when her unexpected guests arrived. Several hours were spent in a delightful social way, music and games having a prominent place on the program. Refreshments of an especially attractive kind were served.

MAY BUILD HARD ROAD TO THE WEST

Message From Senator Wheeler Shows This Improvement Can Be Done This Year If Local Citizens Show Interest—Committee Will Aid With County Fair Project.

The Chamber of Commerce directors in session last night heard from Commissioner F. L. Mawson of the county board that the hard road west of Jacksonville to Lynnville can be built this year if proper interest is shown.

The regular weekly meeting of the directors was held Thursday night with President R. Y. Rowe presiding. Mr. Mawson was in Springfield one day this week and had a conversation with Senator J. A. Wheeler in which the latter explained about the hard road situation to the west. Because of some disagreement among property owners about the route from Winchester east to the Morgan county line, the highway department has decided not to build the road there this year. Senator Wheeler said that if there was some show of interest by the people of Jacksonville that he thought there was no doubt the highway department would authorize the construction of the road from Jacksonville to Lynnville this year.

Mr. Mawson said he also received the assurance of Governor Small that this could be accomplished.

Mr. Rowe mentioned that he had heard from Scott county people during the day that the notice had been received of the state's intention not to do the hard road work east of Winchester because of disagreements about the right of way.

The Chamber of Commerce will use all possible influence to have the Jacksonville-Lynnville road constructed this year.

John Clary and J. L. Henry of the Morgan County Fair association were present to talk over some matters relating to the fair for this year. A Chamber of Commerce committee will be appointed to cooperate with the fair directors.

Acting on the invitation of E. H. Gray of the Jacksonville Railway & Light Co., a committee from the association will accompany Mr. Gray to Springfield today for a conference with H. E. Chubbuck, with reference to rates for electric and gas service.

Secretary Welch brought several other matters to attention before the directors adjourned.

NEW BUILDING AT SCHOOL FOR DEAF

Materials Being Assembled for Structure to House Paint and Tin Shops.

Cement, sand and some other materials to be used in the building at the State School for the Deaf have arrived and are being hauled by trucks to the station grounds, Col. O. C. Smith, managing officer of the School, said yesterday that work on the new building which will be for the tin and paint shops will begin as soon as weather conditions make it advisable.

The building will be about 50 by 100 feet in general dimensions and two stories in height. The location will be a short distance west of Cullum Hall. They will be of tile and concrete block construction, and of slightly design. The concrete blocks will be made at Jacksonville State hospital. It is the policy of the department of public welfare to hold down the cost of building as much as can reasonably be done by using the regular force of workers and the supplies at hand. However, a considerable amount of outside labor will be necessary for a building of this kind. The need of the two shops has long been felt at the institution.

Every Dollar Brings Full Value Here

Why? The J. C. Penney Company stores have increased from one store in 1902 to 312 in 1921. This increase is the direct result of the confidence of the buying public. No customer in this town or any other ever worries about "sales," ever has to wait for goods to be "marked down" or wonders why merchandise sold at one price today should have to be advertised at a lower price tomorrow as "values up to." Honest Merchandise and Truthful Advertising creates Confidence. It is making a beaten track from the most obscure community straight to the wealth of the great markets and enables the J. C. Penney Company to give unquestionable values for every dollar of the millions spent for their customers.

SUCCESSFUL PLAY IS GIVEN AT ASHLAND

"Her Gloves" Presented by Woman's Club at Lyric Theater—Other News From Ashland and Vicinity.

Ashland, March 15.—The home talent play given under the auspices of the Ashland Woman's Club at the Lyric Theater on Thursday evening last, was a success. The play which was entitled "Her Gloves" was under the direction of Elmore L. Gately who is a graduate of the American Academy of Dramatic Arts, of New York.

A large audience greeted the play on Thursday evening but owing to so much sickness in the homes, it has been decided to repeat the play in about two weeks. The following is the program and cast of characters:

Jefferson Ruggles, (real estate dealer), Wm. Kennedy.
 Walter Dillingham, his son in law, Louis Martin.
 Bobby Slocum, college youth, Roy Christie.
 Charley Brooks, a neighbor, Raymond Renes.
 Jim Ryan, a theatrical manager, Elwell Man.

Mrs. Ruggles, wife of Jefferson, Pearl Shelton.
 Blanche Dillingham, wife of Walter, Lulu McGraugh.
 Dora Ruggles, sister of Blanche, love with Bobby, Gertrude Hinds.

Mrs. Elizabeth Brooks, wife of Charley, Olive McDaniel.
 Valeska Bijon, wife of Jim Ryan, Dora Hinds.

The play takes place in the country home of Mr. and Mrs. Ruggles, New Rochelle, N. Y. Music for the evening was furnished by Travis O'Hearn, saxophone, and Mrs. Helen Douglas piano.

Home talent plays are very much appreciated by Ashland people and this was enjoyed by all. Watch for date of next play.

Mr. and Mrs. C. R. Zirkle have returned home after several months spent at Alton, Illinois.

There is much sickness reported in Ashland.

There were no preaching services at the M. E. church Sunday as the pastor Rev. J. A. Betcher was on the sick list.

Wilbur Moore was in Beardstown Sunday.

Wm. Livermore who has been visiting relatives here the past three weeks returned to his home at Delavan, Illinois the first of this week.

Mrs. John Devlin is very sick at her home here and Mr. Devlin is in St. John's hospital in Springfield suffering from pneumonia.

Rev. F. V. Wright being on the sick list Sunday, the pulpit in the Baptist church was filled by Rev. Riley.

Mr. and Mrs. Charles Weaver and daughter of Jacksonville visited Mrs. Bruce Green Saturday.

FIND IT IN BOOKS

Marden, Orison Swett, "Choosing a Career"—This favorite author is a success specialist, and has written this book. Choosing a career, for every person who is still trying to find out where he belongs. The book sums up the results of Dr. Marden's years of study and experience. It is divided into two parts; the first part, "The Choice of a Life Calling", deals with those things that should influence one in the choice of a career, and also with the kind of a career each should seek in order to develop leadership and to make the most of his life. The second part, suggestions as to some possible careers, is intended to help those who are undecided as to what the life work should be. Dr. Marden discusses each career thoroughly and from every standpoint. This book is recommended to all who are seeking to better their places in life, but at this time especially to those seniors of the high schools and colleges who have come to the sudden realization that they have no definite plans for the future, and to those instructors who are always interested in helping young people make the best possible use of their lives.

Macgowan, Alice and Newberry, Perry, Million Dollar Suit Case—This is a keen satisfying, well written mystery story, involving interesting people, in a particularly attractive setting of business and society in San Francisco and its beautiful suburbs. A clever man has planned for six years a discovery-proof crime, and when he had committed it, found that it inevitably involved the perpetration of a second and more dangerous crime. He devised a plan for accomplishing it so diabolically crafty as to defy detection and further complicate discovery of the first crime. The detective was no fool, but it took pretty keen amateurs to help him ferret out the double secret. A pretty girl, of peculiar winsomeness, in a mysterious woman's way had more to do with the final unravelling than the detective himself. This story will appeal to all lovers of a good detective yarn. This story was published serially under the title, "Two and Two."

Roberts, Charles G. D.—In the morning of time. This is a novel of prehistoric times, full of splendid imagination and artistry of style—built on scientific knowledge but presented in fascinating human terms. It is intensely interesting to go back with this master story teller to the morning of time, and to feel with his hero the awesome thrill of the discovery and use of fire, and the power given by the first use of his bow and arrow, crude invention that it was, and the curious beginnings of romantic feeling he has when he discovers that he loves a woman and that she loves him. This is a thrilling novel that appeals to our imagination and emotions.

A Day of Specialists

An Optometrist is a specialist—This is the age of specialists. It is reasonable to presume that such delicate work as eye examination and eyeglass fitting is done best by a specialist. My work is confined to Optometry and my workshop engaged in only lens grinding and handling. My salesroom contains articles to meet every need of wearers of glasses. If you have never seen this shop—if you have eye trouble of any form, reflect an instant upon the value of specialization.

WILL GET LINE ON TRAFFIC BUREAU PLAN

Business Men in Four Wards Will be Canvassed for Views—Committees Named.

Members of the Traffic Committee of the Chamber of Commerce began making a canvass of the city yesterday in the interest of forming a traffic bureau in Jacksonville. The following men were assigned to the different wards of the city and it will be their duty to see each shipper and explain the traffic bureau idea to him:

First ward—T. W. Beadles, S. Fernandes, C. J. Buhner, J. A. Paschall, E. E. Grassley.

Second ward—Charles Fiedler, J. I. Graham, Hugh Breeden, Bert Andre.

Third ward—Fletcher Blackburn, Charles T. Mackness, Fred Hopper, James Alkire.

Fourth ward—J. G. Berger, Joseph Shreve, Robert Mullenix, E. J. Andrews, Jr.

Each shipper in Jacksonville will be interviewed and if he desires a traffic bureau in this city he will be asked to join the proposed organization. It is thought that the establishment of a bureau of this kind in Jacksonville will mean the saving of many hundreds of dollars to the freight shippers of this community and this fact in itself is a strong recommendation for a traffic bureau in Jacksonville.

The COLOR is a vital thing to consider when a man buys his Spring Hat. We show a larger range of colors than ever and can please you. FRANK BYRNS Hat Store.

WOMEN AND MEDICINE. In Europe, years ago, a woman named Hildegard wrote a notable book on medicinal plants. In those days the men were too busy bothering about dogmas of religion and medicine, and the study of herbs was thought beneath their notice.

It was the women however, who mostly conducted the hospitals and cared for the sick, and thus they learned much of great value. They let the men fight out the questions of theories.

Lydia E. Pinkham's Vegetable Compound, prepared almost fifty years ago by a woman, Lydia E. Pinkham, did then, and does now, relieve the ailments peculiar to women. It is a vegetable compound and of great value for this purpose. This is proven day after day, and in your own neighborhood by grateful women who have used it.

The PRICE is a very important matter for a man to consider when buying his new hat. Our prices are right and will please you. FRANK BYRNS Hat Store.

NOTICE TO TAX PAYERS The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

HIGH SCHOOL NOTES At the regular assembly hour yesterday morning the high school students had the privilege of hearing Mrs. Marguerite Palmer Forrester of the College of Music Faculty. Mrs. Forrester sang a group of four songs which were greatly appreciated by her audience.

Principal Shafer made a brief talk in which he discussed the question of failure in high school studies. He mentioned the attitude of the students who fail and suggested that they might take a more serious view of the matter. He urged that instead of taking extra time, caused by the illness of the teacher or some other unfavorable reason, as an opportunity of doing a little extra work instead of a little extra playing. The time might be profitably spent in going back over some of the previous work and reviewing parts that were not clearly mastered at the time they were studied. If this were done, in Mr. Shafer's opinion a large number of failures could be prevented.

Negotiations are now in progress with Springfield High School in regard to a dual track meet to be held the last Saturday in April. If satisfactory arrangements as to the date and other details may be made the meet will probably take place. It will be held in Springfield. Work on the track has not been commenced as yet but if the mild weather continues Coach Mitchell will probably begin to get his men lined up for the coming season within a short time.

Read What Users Say

John H. Cain, Woodson, Ill.
The Fordson, as an all-around tractor, is the best tractor on the market. It is simple and easy to manage. The Fordson, in the long run will out work the big tractor, at half the expense. If used right, the Fordson tractor will out work eight horses and save more time and money than eight horses, and with the tools will do the work twice as well.

J. A. Cully, R. 5, Jacksonville, Ill.
I think the Fordson tractor is one of the most practical tractors on the market, for the average farmer, as it is light, quick, and powerful. You can plow closer to the fences than with horses. It is quick and handy for any number of jobs on the farm.

Batteries Wear Out for Two Good Reasons

Every battery has two kinds of wear—the natural slow wear due to use, and the more rapid wear that comes from abuse.

Keep the proper amount of water in your battery by putting in a little every two weeks. Test with the hydrometer to make sure there's enough charge. Come in to Battery Headquarters at the first faint sign of trouble.

Then your battery will wear out slowly and gradually, giving you all the months and miles of uninterrupted service there are in it.

Stop—Have your battery tested—We'll give you best advice.

PRICE OF WHEAT
TAKES ADVANCE
By Associated Press.

CHICAGO, March 15.—Speculative buying based largely on opinions that recent setbacks in the price of wheat had been too severe gave the wheat market a decided upward swing. The close was strong, 2c to 3 1/2c net higher with May \$1.35 1/2 to \$1.35 1/2 and July \$1.16 1/2 to \$1.16 1/2. Corn gained 1 1/2c to 1 1/2c, and oats 2 1/2c to 2c. In provisions the outcome was unchanged to 30c higher.

At first the wheat market here had a downward tendency owing to new declines in quotations at Liverpool but it became apparent that selling orders in Chicago had lost their popularity for the time being. An active demand from commission houses developed and the contention was made that notwithstanding report weakness of British markets the difference between Chicago and Liverpool values of late had widened instead of narrowed. It also was said that Continental European countries were buying and with dwindling receipts at Kansas City and Minneapolis together with adverse crop reports from Ohio the market later continued to gain impetus toward a higher level of prices. One of the bullish factors just before the close was a Philadelphia message saying dealers there were picking up all the cheap flour they could lay hands on.

Industrial demand for corn and falling off in the volume of arrivals helped to lift values both of corn and oats. Receipts of corn here were the smallest in many weeks. Despite heavy deliveries of hard end March contracts, the provision market averaged higher in line with hogs and grain.

Chicago Livestock Market

By Associated Press.
Chicago, March 16.—U. S. Bureau of Markets—Cattle—Receipts 10,000. Beef steers generally steady, closing strong; spots higher; top beef steers \$9.75; \$8.25; \$8.50; she stock and bulls steady; bulk fat cows and heifers \$4.75 to \$6.25; bologna bulls largely \$4 to \$4.25; veal calves steady to 25c lower; bulk vealers around \$8 with heavy weight shipping calves \$8.50 to \$9, stockers and feeders dull and weak.

Hogs—Receipts 23,000. Market mostly 10 to 15c higher than yesterday's average; closed slow; shippers bought about 4,500; holdover liberal; many off market; top 10.65 early; practical limit 10.60; bulk \$10 to \$10.45; pigs 10 to 25c higher; bulk desirable 100 to 130 pounders \$8.85 to \$9.75.

Sheep—Receipts 11,000. Fat lambs strong to 25c higher; sheep steady; top woolled lambs \$15.50, no choice handy weight here; shorn lamb top at noon \$13.15; best not sold; fat woolled ewe top \$9.50; shearing lambs steady at \$14.25 to \$14.50.

CASH GRAIN REPORT
By Associated Press.
CHICAGO, March 16.—Wheat in the cash market today was inactive with continued light receipts. Choice grades of milling wheat were wanted. Shipping sales here today were only 8,000. Premiums and discounts were nominally unchanged from yesterday. Corn was in good demand and the market closed 1 1/2 to 2c higher, with the trading basis unchanged to 1c better for mixed grades 1 to 1c better for contract yellow and unchanged for cheaper grades. While corn was also slightly. Shipping sales here were 25,000 bushels. The cash board reported some corn was worked for export.

Oats closed 1c better, with the trading basis 1 to 1 1/2c better. Domestic shipping sales were 25,000 bushels.

Car lot receipts: Wheat, 9; Corn, 103; Oats, 65.

UPWARD COURSE
OF MARKET CONTINUES
By Associated Press.

NEW YORK, March 15.—Active buying by another large turnover, sales approximating 1,750,000 shares, the stock market today continued its upward course. In a few instances the list manifested signs of a top, heavy or overbought condition. Virtually all happenings were helpful to the enhancement of quoted values. The money market was in its easiest position of the year and lending foreign exchanges made additional recoveries.

Railroads were reported as buyers of equipment, further price advances were said to be in contemplation by independent steel producers and the American Railway association stressed heavy gains in car loadings.

Initial quotation for call loans was four per cent but the rate fell to 3 1/2 before noon and three in afternoon, this equalling the lowest figure of the year. Time money offerings were most liberal and acceptance call rates also eased to three per cent. Exchange on London was firmer, altho markets at that center showed further irregularity. French and Belgian rates also improved the Italian rate remained rested and German bills continued under the influence of the reparations tangle.

Liberty issues contributed measurably to the enlarged dealings in the bond market most of 4 1/2 making material gains.

Total sales (par value) aggregated \$16,491,000.

More Power

You can talk about Gasoline, Piston Rings, Spark Plugs and the what not. But there is nothing known to engineering or mechanical practice today that will give an engine more power and snap than to re-grind the cylinders.

Ask the man who is driving one today.

We have several customers who say they would rather have their old machine rebuilt the way WE REBUILD THEM, in our shop, with modern machinery and experienced men, than to have a new car BUILT DOWN TO A PRICE.

Remember if a manufacturer cuts the price he is cutting it off your end. Cheap workmanship means less miles. I would rather have a new car not painted than to have the workmanship slighted underneath where you can't see.

A Sale Backed By Necessity

This Is The Biggest, Broadest, Legitimate And Most Commanding Event Ever Staged In This Part Of The State.

Thousands of dollars worth of new stylish COATS, WRAPS, SUITS, DRESSES and MILLINERY were ordered for us by our New York buyers several months in advance of the season in order to give the manufacturers time to make these garments. At the time these orders were placed our buyers did not know that we would have to give up possession of our building at this early date, as well as ourselves.

You will note from the reproduction of the letters below that we have been notified by Andre & Andre, the new owners of the building now occupied by us, that we must give up possession of this building no later than May 31. You will also note that we have been given a special concession of 33 1/3 % discount from today's wholesale prices. This alone will enable us to sell to you at less than manufacturers cost. Don't let anything keep you away from this sale.
